INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Friends for Animals of Metro Detroit Dearborn, MI 48120

I have audited the accompanying financial statements of Friends for Animals of Metro Detroit (a nonprofit corporation), which comprise the statement of financial position as of December 31, 2016, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Friends for Animals of Metro Detroit as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The endowment fund is invested in debt and equity mutual funds with readily determined fair values.

The Board of Directors has interpreted the Michigan Uniform Management of Institutional Funds Act (Michigan UMIFA, "the Act") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of donor-restricted endowment that is not classified as permanently restricted net assets, is classified as temporarily restricted net assets until the expenditures are made.

The Board of Directors has determined the primary investment objective is to preserve capital and obtain reasonable income/yields within prudent levels of risk. In order to efficiently diversify risks, all investments should be made through reputable mutual funds with no load or C-share pricing and rated no lower than 4 stars by Morningstar Services. Performance will be assessed by comparison to S&P 500 returns for equity funds and by comparison to BarCap US Agg Bond TR USD for income funds.

The Board of Directors has determined investments in mutual funds should be diversified to mitigate risk and balance returns. Income funds should be targeted to comprise 50% of the endowment value and equity funds comprise 50% of the endowment value. No more than 20% of the endowment value should be invested in any one fund, and investments in aggressive/risky funds is prohibited.
