About Us:

Founded in 1993 in Dearborn, Michigan, Friends for Animals of Metro Detroit is a nonprofit organization dedicated to the rescue, protection, and adoption of companion animals in need while inspiring the human-animal bond. We provide high-quality care and adoption services, deliver innovative outreach and humane education programs, promote animal welfare, and embrace environmentally responsible practices.

Most importantly, we are a community-centered organization that truly cares about supporting the people and pets we serve.

Join Us:

Unleashed is Friends for Animals of Metro Detroit's signature fundraising event and one of our most important sources of support for homeless and stray animals. Unleashed brings together animal lovers, community leaders, and advocates for an unforgettable evening dedicated to saving lives and creating second chances for animals in need.

The event features both online and live auctions, inspiring stories, and opportunities for guests to make a meaningful impact. Proceeds help provide shelter, medical care, nourishment, and second chances for the nearly 2,500 animals who come through our doors each year, while also supporting programs and services that strengthen the bond between people and pets.

Hundreds of guests attend Unleashed each year, including business leaders, philanthropists, volunteers, adopters, and dedicated animal advocates. Through the generosity of supporters like you, Friends for Animals of Metro Detroit has helped transform the lives of more than 70,000 animals since its founding.

Donated auction items play a vital role in the event's success. All auction donors receive recognition on our mobile bidding platform and event signage, providing valuable visibility while helping raise critical funds for animals in need.

Thank you for considering a donation to Unleashed. Your generosity will help create an exceptional experience for our guests while directly supporting the care, protection, and second chances that thousands of animals depend on every year.
