FAMD Medical Internship

Friends for Animals of Metro Detroit is looking for a passionate and enthusiastic individual to support and learn from our medical team. The Medical Intern will work with our team of Animal Medical Technicians and be supervised by the Manager of Shelter Medicine. The Medical Intern will be responsible for supporting the team with animal medical exams, distributing animal medications, organizing and filing paperwork, assisting with vaccines, cleaning, and other tasks to assist the medical team.

Please note the Medical Intern **will not** work under a licensed veterinarian.

Requirements:

- 16 years or older
- Comfortable working with dogs and cats of various breeds, ages, and sizes
- Comfortable working with people
- General computer skills
- Ability to take direction and work independently
- Able to lift and carry 50lbs
- Reliable transportation – may be asked to move between our two facilities (located just a few minutes from each other)

Schedule:

We're flexible! Generally, we're looking for Interns to complete at least 6 weeks of service.

Please note this is not a paid employment opportunity.

Apply! Send your resume to Volunteers@MetroDetroitAnimals.org. If you are looking for internship credit through your school, please also send your school's requirements.
